Pesticide statistics

Milena Koprivnikar B

Phytosanitary Administration RS

Sales data

- **Act on PPP**
- **Rules on conditions that selling points of PPP have to fulfill**
- **Sending the data to PARS by 30. March of each year**
- **IT system – internet input mask**

- **Gathered Data in kg of PPP processed by PARS**
- **Import/introduction, export and domestic sale**
- **Data sent to Statistical office**
- **In kg/t of active substances**

- **Are not collected**
- **Users have to keep records on use**
- **Act on PPP and Rules on obligation of users of PPP**
- **Not obliged to send the data**

In future ?

- **Changes - New legislation**
- **Implementation of new classification of AS from Statistic Regulation into national database**
- **Statistical Office – collection of use data**
- **NAP, risk indicators**

Possible approach ?

- **Worst case example**
- **Small area with polluted groundwater**
 - **Collect use data**
 - **Define risk indicators**
 - **NAP to reduce risk**
 - **Results in few years**

Thank you for your attention!
