Tools for risk reduction in the Czech Republic

CEUREG FORUM XV

Bratislava, October 2011

Pavel Minář

Tools

- **List of substances to be reduced or prohibited**
- **Clear criteria for professional and amateur use**
- **Requirements for distribution and sales**
- **Formulation of substitution policy**
- **Actions and tools against counterfeited products**
- **Support to less risky alternatives**

Tools

- Information campaigns
- Support and improvement of advisory system
- Water protection areas policy
- Treatment notification in vulnerable areas
- Monitoring systems
- IPM development
- Research programmes (resistant varieties, forecasting of pests, quick diagnostics)

**Thank you for your
attention!**
