ÚSTREDNÝ KONTROLNÝ A SKÚŠOBNÝ  
ÚSTAV POĽNOHOSPODÁRSKY V BRATISLAVE

# CEUREG Forum 2013

Peter KNAP

Department of pesticides registration

# Zonal procedure in SK

- Basic standards for SK legal and practical issues set and (quite good) working
- National contact point for zonal notifications:  
zonal.contact@uksup.sk
- Authorisation system still decentralised – internal communication complicated and inflexible
- Fluctuation in specialist area (training) – lack of human resources

# Authorisation structure

Fate and behaviour  
(section 5 divided)

Toxicology, residues,  
OPEX (section 3 and 4)

- Ministry of health
- Ministry of agriculture
- Ministry of education
- Ministry of environment

Ecotoxicology  
(section (part of) 6)

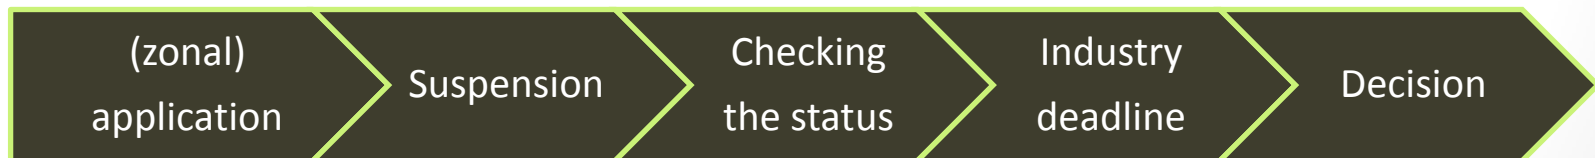

Bee ecotox, efficacy, fyz-chem, analytical  
methods, identity  
(sections 1,2, (part of) 6, 7)

# (zonal) STEP II approach (in SK)

- „STEP II“ means „STEP II“ (not zonal application, not mutual recognition as welcome but not binding)
- zRMS dRR submission - 1 year prior to STEP II deadline
- Reasons – evaluation delay, differences in submission details, zRMS attitude
- Only 1 deadline = re-registration deadline
- Implications to authorised products in SK

# (not)Submission of dRR

- Efforts for dRR submission avoidance
- Reasons? (small market, only SK application, small changes,...)
- Impact – commenting period, language, timelines

# Capacities of SK

## SET LIMITS

- 5 new application
- 3 STEP II application

2014-2015

Almost full, negotiations for next seasons ongoing

# Commenting period

- Comment all notified applications or only SK as cMS?
- Capacities vs. Future mutual recognition
- Proposed changes in SK

Thank you for your  
attention.
